7160

Exceptional students shall be educated in regular classrooms, insofar as practicable, and shall be assigned to special education classes or facilities only when the nature of the student's exceptionality makes inclusion of the student in the regular classroom impractical or when the student is unable to profit from the regular classroom.

When appropriate programs, services, or facilities are not possible within the District's schools, the Board shall make every effort to provide these students with access to schools where such instruction and accommodations are available.

Administrative responsibility for special education programs in the District shall be the responsibility of the Superintendent who shall work closely with the intermediate District in providing special education services. All diagnostic, evaluation, and placement procedures established shall be in accordance with state and federal guidelines.
