Dear Seniors,

This is an important message regarding graduation requirements.

At this time, all seniors should have met the Michigan Merit Curriculum graduation requirements of 18 credits.

If you have not met the graduation requirements, you must continue to work on your current course load and complete it by May 29. If you have not met the 18 credit requirements by May 29, you must complete your course requirements during summer school to earn your diploma.

If you have questions, concerns, or are unsure if you are on-track to meet the 18 credit graduation requirements, please email your counselor. Thank you!
