Parent/Guardian/Community/Agency Volunteers

I. Use of Volunteers

Administrators who intend to use volunteers shall follow these rules:

1. Volunteer Groups/Individuals

When volunteers are used in the buildings, for school programs or special events, to enhance and supplement the achievement and curriculum goals and objectives, administrators should define what services are needed from the volunteer. Volunteering is not a right, but instead it is a privilege. Volunteers serve at the pleasure and discretion of the District.

2. Parent/Guardian Involvement Accountability

Parents/Guardians who expect to receive acknowledgement for their involvement must request the information from the Community and Student Services office (CSS).

3. Liability

Administrators who use volunteers shall consult with the Community and Student Services Office and use the appropriate "tools" to reduce the potential liability to the District. All volunteers shall be required to fill out an "Application to Volunteer," and the application will be reviewed by the Community and Student Services Office prior to long-term volunteer assignments.

4. Student Safety

Volunteers who meet the following criteria must have a criminal background check.

A. Criminal Background Check

1. A volunteer who volunteers regularly in the District. "Regularly" is defined to mean that the volunteer assignment requires an individual to be in the school or on school property or affiliated with a school program at least once per week or two or more times per month for two months or more;
2. Any volunteer assignment which requires a volunteer to have direct one-on-one contact with students without the direct involvement and supervision of school district personnel; or

3. Any volunteer who will be taking students off site.

For the purposes of policy 9230, the “criminal background check” means that the employee/volunteer contact information must be submitted to the Criminal Records Division of the Department of State Police via CHAT, and the volunteer's name must be checked against the Michigan Public Sex Offender Registry. If the volunteer candidate disagrees with the criminal background information obtained from CHAT or from other sources, then the volunteer candidate should submit voluntarily to a fingerprinting background check through the Michigan State Police and FBI records. The volunteer candidate is required to pay for any fingerprinting costs.

B. Results of the Criminal Background Check

1. If, as a result of the criminal background check, or if Grand Rapids Public Schools learns through an authoritative source, that a volunteer candidate has been convicted of a listed offense, then that individual cannot be allowed to volunteer;

2. If the volunteer candidate is listed on the Michigan Public Sex Offender Registry, then that individual cannot be allowed to volunteer;

3. If the volunteer candidate has been convicted of a felony other than a listed offense, then that individual cannot be allowed to volunteer. The volunteer candidate can appeal this decision to the Superintendent. The appeal will be considered in accordance with Board policy with respect to allowing personnel with felony convictions (other than listed offenses) to be employed in the District;

4. "Listed offenses" are those defined in MCL 28.722 and include the following:

interpreting the volunteer guidelines and responding to questions regarding volunteer involvement in the District. However, building administrators have ultimate responsibility for the supervision of volunteers.

**Procedures for Volunteers While in a Building/Program**

No volunteers may be in any building/program without prior authorization from the Community and Student Services Office.

Authorized volunteers will be issued an identification badge from the Community and Student Services Office. The badge will be issued upon final authorization for volunteering. The badges will have an expiration date. Volunteers are required to display this badge at all times they are volunteering. Volunteers are expected to sign in and out in all building locations which they are present.

Buildings/Programs are required to verify the authorization of all volunteers who are in their locations and to require all volunteers to display the appropriate identification badge.
