GRASP is a summer math and reading program. Children receive a packet of materials with a booklet containing 9 lessons. They complete one lesson a week or work at their own pace. They mail the lessons to GRASP where they are scored and returned with comments.

Children successfully completing at least 7 lessons with 70% accuracy are awarded a certificate. Those successfully completing all 9 lessons with 70% accuracy receive a medal.

The fees for the summer of 2011 are \$38 for one subject or \$63 for both subjects for each child. If the grade just completed in school there are extenuating circumstances, order the level that is appropriate for your child.
