Grand Rapids Public Schools Facilities & Operations

Memo

To: Teresa Weatherall Neal, Superintendent
From: Ken Klomparens, Executive Director of Facilities & Operations
Date: February 13, 2015
Re: Approval of AHERA Designated Persons(s) for Asbestos Abatement

The Asbestos Hazard Emergency Response Act requires the district to maintain an Asbestos Management Plan and designate a person(s) to ensure that the requirements of the regulations are properly implemented. If not otherwise identified, this responsibility falls to the Superintendent. I have completed the Asbestos Designated Person Training Program in accordance with the Asbestos Hazard Emergency Response Act. The requested action designates the Executive Director of Facilities & Operations as the designated person to ensure that the requirements of the regulations under AHERA are met. The previous designated person has left the district.

Board approval of the attached amendment will approve the Executive Director of Facilities & Operations as the district's designated person to comply with AHERA requirements.
